### ABOUT ME

Professional 6G TIG, MIG & ARC Welder with strong expertise in pressure piping, structural steel, and heavy fabrication works. Highly skilled in executing root, hot pass, fill, and cap welding in the 6G position using TIG and ARC processes. Proficient in interpreting fabrication drawings, WPS, P&ID, and quality documentation. Demonstrates consistent ability to deliver high-quality, defect-free welds while strictly complying with international HSE and QA/QC standards.

### EDUCATION AND TRAINING

2019 Feroke, Kozhikode, Kerala, India

**DIPLOMA IN X-RAY WELDING (TIG, MIG & ARC)** International Academy of Welding Technology (IAWT)

2018 Malappuram, Kerala, India

**SSLC**

### WORK EXPERIENCE

**TIG & ARC WELDER – ESSAR PROJECTS (INDIA) LIMITED** – 06/08/2019 – 18/10/2022 – IPCL, DAHEJ, BHARUCH, GUJARAT, INDIA

- Perform **TIG (GTAW) and ARC (SMAW) welding** on carbon steel, stainless steel, and alloy materials.
- Interpret and work according to **engineering drawings, blueprints, isometric drawings, and WPS**.
- Carry out **root, hot pass, filler, and cap welding** with high accuracy and quality.
- Prepare materials by **cutting, grinding, beveling, and cleaning** before welding.
- Ensure correct **selection of electrodes, filler rods, polarity, and welding parameters**.
- Execute welding in various positions including **1G, 2G, 3G, 4G, 5G, and 6G** (if applicable).
- Inspect welded joints visually and rectify defects such as **porosity, undercut, slag inclusion, and cracks**.
- Follow **QA/QC standards**, project specifications, and international welding codes.
- Maintain welding equipment, torches, cables, and tools in safe working condition.
- Comply strictly with **HSE (Health, Safety & Environment) regulations** at all times.
- Coordinate with supervisors, fitters, and inspectors to ensure smooth workflow.
- Maintain productivity while ensuring **defect-free welding and job quality**.
- Perform repair and maintenance welding when required.

**6 G TIG & ARC WELDER – GOPINATH ENGINEERING CO .PVT LTD** – 14/11/2022 – 02/04/2025 – B.P.C.L, MAHUL, CHEMBUR, MUMBAI, INDIA

- Perform **6G position welding** using **TIG (GTAW) and ARC (SMAW)** processes on pipes and structural components.
- Execute **root pass, hot pass, fill pass, and cap pass** welding with high precision and quality.
- Weld **carbon steel, stainless steel, and alloy steel pipes** as per project requirements.
- Read and interpret **isometric drawings, fabrication drawings, blueprints, and WPS/PQR**.
- Ensure correct **electrode and filler rod selection**, polarity, amperage, and welding parameters.
- Carry out **pipe fit-up inspection**, alignment, and joint preparation before welding.
- Perform welding in **restricted and all-position conditions**, maintaining proper penetration and bead profile.
- Conduct **visual inspection (VT)** of welded joints and rectify defects such as cracks, porosity, lack of fusion, and undercut.

- Maintain strict compliance with **international welding standards and QA/QC requirements.**
- Follow all **HSE (Health, Safety & Environment) rules,** safety procedures, and site regulations.
- Maintain welding machines, TIG torches, cables, and accessories in good working condition.
- Coordinate with **supervisors, inspectors, and fitters** to ensure smooth project execution.
- Perform **repair and re-welding** as per inspection and quality requirements.
- Ensure timely completion of welding jobs without compromising safety or quality.
